design for your intelligent home

Our products are designed to keep things simple, intuitive and elegant, both in its form and in its function. Reduced to its essence but always to improve the comfort of the modern home. They blend with your interior design and outdoor architecture thanks to their uniform design language.

Precision-machined with premium finishes and handmade with love in Belgium.

welcome home

Basalte Home, the future of the modern home

Imagine. At the slightest touch the room dims to the right scene, music starts playing, the temperature rises and the curtains close. Ready for a cosy evening. The integration of all these functions in an intelligent and user-friendly system is Basalte Home, the future of the modern home.

The minimalist look of our products and the use of high-quality materials and finishes result in a timeless design for the intelligent home.

lights & shades

set the scene

Controlling your intelligent home should be simple, intuitive and easily accessible. With Basalte Home, you create scenes to automate frequent actions for everyday situations like 'morning', 'relax' and 'dinner'.

A gentle touch on your design keypads or a single tap on the app is enough to set the scene: the lights dim and the shades go down. Ready to relax!

intelligent design

Simply control lights, scenes, shades, music and so much more at the slightest touch.

music

harmonises with your daily routines

Music shapes how we see the world. That is why we bring it to the heart of the most important place in life: home. Your favourite playlists, radio stations and even old-school record player are only a tap away with our Basalte app, Ellie touch display, Miro remote and other design controls.

Easily set the mood with scenes that include your favourite music, such as 'party' and 'dinner'.

perfectionist

Music that sounds like the artist intended, while beautifully blending into the decor. That is the purpose of our high-quality design speakers. Precision-machined from premium finishes for acoustic perfection.

basalte

our story

Basalte was founded in 2008 with a mission to unite high-quality design and intuitive smart home technology. A unique combination that remains a fundamental part of our DNA. We want to keep things simple and elegant, both in form and function. We are proud to say that our minimalistic product range won over 50 renowned design awards.

Our multifunctional design keypads, refined speakers and elegant iPad mounts can be found in the most luxurious projects all over the world. Pushing towards the limits of perfection, we strive to reshape the way people live by making everyday actions easier and bringing true comfort to your home.

All products are meticulously designed and handmade with love in Belgium.

solid as a rock

Beautiful and natural on the outside.
Solid, strong and multi-layered on the inside.

Like the rock from which Basalte takes its name, we are determined to create timeless products of outstanding durability. Reduced to its essence, what remains is pure elegance.

passion, dedication and true craftsmanship

We believe that the most exclusive materials should be treated by craftspeople with a passion for their work.

All our products are designed down to the finest details and handcrafted in-house.
